Hi John,

After getting another positive comment about how nice the stonework looks on the front of our house we wanted to thank you again for the great work you and your men put into it! We are so happy with our new look that we admire it ourselves every day. Our neighbors also frequently comment on how beautiful our house looks.

Pam and I wanted to personally thank you again for a terrific job and our lovely new look.

Sincerely,

Mike & Pam [REDACTED]

P.S. please feel free to “post” our comment in any fashion you care to. We are not good good at the techie Yelpy stuff 😊
